

# MILESTONE 3 (STAGE 1A) – WORKFLOW PSEUDOCODE (COMPUTATION SUB-TEAM)

Team Number: Thurs-22

Complete this worksheet individually *before* coming to Design Studio 15.

1. Write out a pseudocode outlining the *high-level workflow* of your computer program on the following page
  - Only one team member is responsible for this task (not *both*)
  - Be sure to clearly indicate who each code belongs to

At the beginning of Design Studio, we will be asking that you copy-and-paste your work into **Milestone Three Team Worksheets**. It does seem redundant, but there are valid reasons for this:

- Each team member needs to submit their pseudocode with the **Milestone Three Individual Worksheets** document so that it can be *graded*
- Compiling your individual work into the **Milestone Three Team Worksheets** document allows you to readily access your team member's work
  - This will be especially helpful when completing **Stage 3** of the milestone
